

BIO-MERIDIAN SCAN

BRING YOUR LIFE BACK TO A HEALTHY BALANCE!

The Bio-Meridian Scan provides a completely non-invasive method for gaining valuable information about the body's vital functions. The primary objective of this procedure is to disclose patterns of stress and to provide feedback for use in a program to help restore each system and meridian to an appropriate balance.

The Bio-Meridian Scan can answer many questions as to what could be causing an imbalance of the body's system and organ performance. It can identify stressors to the body to then customize a protocol that addresses the nutritional support for the stressed or weakened organs.

STRESSORS CAN BE:

These contaminants stress different areas of the body in various ways. After long exposures or direct contact, even for a short time, physical symptoms can appear. These symptoms can range from:

It's not always easy to tell what caused the symptoms in the first place. Symptoms are evidence of diseases occurring when the body is overwhelmed with toxins and cannot eliminate them. By using the Bio-Meridian Scan to determine what toxins are stressing the body, healing can occur faster than it would otherwise.
